EQUALITY AND DIVERSITY STATEMENT

Aspris is committed to the fair treatment of all in line with the Equality Act 2010. An equality impact assessment has been completed on this policy to ensure that it can be implemented consistently regardless of any protected characteristics and all will be treated with dignity and respect.

In order to ensure that this policy is relevant and up to date, comments and suggestions for additions or amendments are sought from users of this document. To contribute towards the process of review, email AsprisGovernanceHelpdesk@Aspris.com

Note: This overarching policy does **not** replace the need for services to maintain up to date 'Local Procedures'.

This Policy applies where Adults (People aged 18 or over) receiving Aspris Services within Wales

1 INTRODUCTION

- 1.1. Aspris believes everyone has the right to live free from abuse or neglect regardless of age, ability or disability, sex, race, religion, ethnic origin, sexual orientation, marital or gender status.
- 1.2 Section 126(1) of the Social Services and Well-being (Wales) Act 2014 defines an "adult at risk" as an adult who:-
- a) is experiencing or is at risk of abuse or neglect;
 - b) has needs for care and support (whether or not the authority is meeting any of those needs);
- and as a result of those needs is unable to protect himself or herself against the abuse or neglect or the risk of it.
- 1.3 This policy aligns with "The All Wales Safeguarding Procedures 2019" for children and adults at risk of abuse and neglect which details the essential roles and responsibilities for practitioners to ensure that they safeguard children and adults who are at risk of abuse and neglect. The Procedures help practitioners apply the legislation 'Social Services and Wellbeing Wales) Act 2014' and statutory safeguarding guidance 'Working Together to Safeguard People'. (In 2019 the Wales safeguarding procedures replace the All Wales child protection Procedures 2008)
- 1.4 "Well-being" in relation to a person, means well-being in relation to any of the following:
- (a) physical and mental health and emotional well-being;
 - (b) protection from abuse and neglect;
 - (c) education, training and recreation;
 - (d) domestic, family and personal relationships;
 - (e) contribution made to society;
 - (f) securing rights and entitlements;
 - (g) social and economic well-being;
 - (h) suitability of living accommodation.

NB: It must be remembered that Safeguarding it is not a linear process imposed on adults at risk of abuse or neglect, but rather a series of steps, considerations and decisions made with the person who uses our services and their representative, where appropriate, and that it is proportionate to the concern.

- 1.5 The aim of adult safeguarding is to:
- (a) Stop abuse or neglect wherever possible
 - (b) Reduce the risk of abuse or neglect to servicepeople, reducing the circumstances that may lead to vulnerability and risk, including isolation, by adopting preventative strategies
 - (c) Safeguard adults in a way that supports them in making choices and having control about how they want to live
 - (d) Promote servicepeople wellbeing by adopting an approach that concentrates on improving life for the adults concerned
- Provide information and support in accessible ways to help servicepeople understand the different types of abuse, how to stay safe and what to do to raise a concern.

2 POLICY STATEMENT

- 2.1 In line with Legislation and the respective Statutory/Government guidance, Aspris will work in partnership with local statutory agencies and other relevant agencies to protect adults at risk of abuse and provide an effective response to any circumstances giving ground for concern, complaints or expressions of anxiety.

**Children's Services
Operational**

2.2 The commitment of Aspris is to make the prevention of abuse one of the absolute priorities for all our services and to have robust procedures in place for dealing with incidents of abuse where the prevention strategy has not been effective.

2.2.1	Empowerment	People being supported and encouraged to make their own decisions and informed consent	<i>"I am asked what I want as the outcomes from the safeguarding process and these directly inform what happens"</i>
	Prevention	It is better to take action before harm occurs	<i>"I receive clear and simple information about what abuse is, how to recognise the signs and what I can do to seek help"</i>
	Proportionality	The least intrusive response appropriate to the risk presented	<i>"I am sure that the professionals will work in my interest, as I see them and they will only get involved as much as needed."</i>
	Protection	Support and representation for those in greatest need	<i>"I get help and support to report abuse and neglect. I get help so that I am able to take part in the safeguarding process to the extent to which I want."</i>
	Partnership	Local solutions through services working with their communities. Communities Have a part to play in preventing, detecting and reporting neglect and abuse.	<i>"I know that staff treat any personal and sensitive information in confidence, only sharing what is helpful and necessary. I am confident that professionals will work together and with me to get the best result for me."</i>
	Accountability	Accountability and transparency in delivering safeguarding.	<i>"I understand the role of everyone involved in my life and so do they."</i>

2.2.2 All colleagues must work within the framework of the law and behaviour which is unlawful will not be condoned. Appropriate action will be taken against colleagues behaving outside the framework of the law.

2.3 Colleagues should be alert to indications of possible abuse of adults and understand how to raise any concerns appropriately. Safeguarding procedures should be seen as an integral part of the philosophy and working practices in all services.

2.4 When any concerns of possible abuse are raised, the immediate and primary concern must be the safety and interests of the individual or group of individuals. Adults have a right to have their decisions respected, even if this involves taking risks, so careful assessment of the individual's mental capacity in relation to making decisions about a specific issue is essential to protect these rights. (See AOP05 Mental Capacity).

2.5 Approaches to adult safeguarding should be person-led and outcome-focused. The Social Services and Wellbeing (Wales) Act 2014 emphasise a personalised approach to adult safeguarding that is led by the individual, not by the process. It is vital that the adult feels that they are the focus and they have control over the process.

- 2.6 'Making Safeguarding Personal' is not simply about gaining an individual's consent, although that is important, but also about hearing people's views about what they want as an outcome. This means that they are given opportunities at all stages of the safeguarding process to say what they would like to change. This might be about not having further contact with a person who poses a risk to them, changing an aspect of their support plan, asking that someone who has hurt them apologises, or pursuing the matter through the criminal justice system.
- 2.7 The views, wishes and desired outcomes of the adult are equally important should the adult lack mental capacity to make informed decisions about their safety, or have substantial difficulty in making their views known and participating in the enquiry process. Personalised practice approaches should still be taken in such cases, including engaging with the person's representative, appointing an independent advocate where appropriate, using what information is known and finding out what the adult would have considered important in decisions about their life, and by following best practice as laid out in the Mental Capacity Act Code of Practice 2007.
- 2.8 Adults have the right to independent support (See ACS59 Advocacy) at any stage of the process if they so wish. If the adult has substantial difficulty in being involved, and where there is no one appropriate to support them, then the Local Authority must arrange for an independent advocate to represent them for the purpose of facilitating their involvement.
- 2.9 All colleagues will receive basic training in safeguarding adults and children via e-Learning and those working directly with adults at risk will receive further training appropriate to the level of their responsibilities
- 2.10 Aspris services will work closely with Local Authorities to provide an effective multi-agency approach to the prevention, detection, and inquiry into abuse. The person using our services should always be involved from the beginning of any enquiry and anything that happens as a result, wherever possible, must reflect their wishes, as stated by them or by their representative or advocate. If they lack capacity a 'Best Interests Decision' on how to proceed must be taken following the process in AOP05 Mental Capacity.
- 2.11 Colleagues must be sensitive to the diverse cultural, religious and ethnic identities of servicepeople in all aspects of safeguarding adult work. Where spoken English is not the adult's primary language, or they communicate non-verbally, the assistance of appropriate interpreters will be used to ensure people's needs are being met and their views heard. See AOP29.1 for further information.

3 RESPONSIBILITIES

- 3.1 Responsibility - Safeguarding is everyone's responsibility.
- Well-being – Any actions taken must safeguard the person's well-being.
 - Person-centred approach - Understand what outcomes the adult wishes to achieve and what matters to them.
 - Voice and control - Expect people to know what is best for them and support them to be involved in decision-making about their lives.
 - Language - Make an active offer of use of the Welsh language and use professional interpreters where other languages are needed.
 - Prevention - It is better to take action before harm occurs.
- 3.2 Overall responsibility for the organisation's arrangements to safeguard and promote the welfare of children ultimately lies with the Chief Executive Officer for Aspris together with the Group Head for Safeguarding and Director of Risk and Governance.
- 3.3 The Executive Safeguarding Lead is expected to ensure there is a robust governance structure that supports site leaders and their Safeguarding Leads. This role includes Chairing organisational Safeguarding Committees; having oversight of safeguarding and associated data (including, but not limited to: Incidents, restrictive practice, quality audits and regulatory

- outcomes); providing expert advice regarding regulatory expectations for safeguarding; and reporting to the Executive Board.
- 3.4 The Operational Directors are Regional Safeguarding Leads and their duties include:
- (a) Facilitating and/or organising appropriate safeguarding supervision to the Sub-Regional Safeguarding Leads;
 - (b) Offering sound procedural advice and support;
 - (c) Overseeing complex investigations regarding their services, acting as a point of contact for stakeholders; and
- Analysis of the audits of practice and identification of any actions necessary for the region and monitor these to completion.
- 3.4.1 Regional Safeguarding Leads are also expected to report up to the organisational Safeguarding Committee in line with governance structures and support the committee with analysis of disincentives to report, sharing of best practices and lessons learned through regular contact with other Regional Safeguarding Leads.
- 3.5 Site Leaders are accountable for the safeguarding practice in their service, the responsibility for supporting colleagues and tracking concerns through to 'closure' is sometimes delegated to other Designated Safeguarding Leads however the Site Leader remains accountable and as such, should be involved and maintain effective oversight of the safeguarding concerns within their service.
- 3.5.1 It is the responsibility of all Headteacher / Principals / Home Manager to ensure that adequate practices are in place in their services concerning adult safeguarding and that these practices effectively link with and reflect those of the Local Authority; the Local Procedures (AOP Form: 16) is the format in which this is expected to be recorded and communicated to colleagues. This will include following safer recruitment procedures (refer to AHR01 Safer Recruitment and Selection), and ensuring that all colleagues read this policy and undertake regular training to the levels set out in Section 5 below.
- 3.6 Colleagues are responsible for maintaining clear and professional boundaries between themselves and the servicepeople. These boundaries define the limits of behavior that allow colleagues and servicepeople to engage safely in a therapeutic relationship. The boundaries are based on trust, respect and appropriate use of power, with a focus on the needs of the person using our services. Blurring these boundaries, and moving the focus of care away from their needs, can lead to confusion and the possibility of the development of abuse. Personal relationships with servicepeople are never acceptable. (Refer to AOP41 Professional Relationship Boundaries).
- 3.7 It is the responsibility of all colleagues to act on any concerns, suspicions or evidence of abuse and every reported incident of abuse must be given urgent priority. **Colleagues can report safeguarding concerns directly to the Local Authority Safeguarding Team and must do so if they feel it is necessary.** Colleagues must report any genuine concerns, ensuring the DSO on site, or a senior colleague is informed as well as the appropriate Local Authority in line with the site/services Local Procedures (AOP Form: 16).
- 3.8 A failure to respond to/raise a safeguarding concern when recognised will be considered an act of neglect and be raised as a safeguarding concern against the colleague accordingly, a failure to safeguard a person in our care will be considered through the appropriate proportionate disciplinary procedures.
- 3.9 It is the responsibility of all colleagues to read this policy and to complete the Safeguarding training commensurate with their job role.
- 3.10 The process must recognise the concept of language needs and practitioners should ensure that the active offer principle is embedded in practice. This means that the local authority should be proactive in its approach and the individual should be asked which language they

would prefer at the beginning of the process. This will ensure that they are able to receive services in their own language throughout the process of identifying and meeting care and support needs.

- 3.11 **Whistleblowing** - It is the responsibility of all colleagues to advise their manager of any concerns they have about the safety and wellbeing of service people. If colleagues do not feel their concerns are being taken seriously or sufficiently responded to within the Aspris Group they should follow the guidelines in AOP21 Confidential Reporting (Whistleblowing). Colleagues can also report safeguarding concerns directly to the local Safeguarding Board, and must do so if they feel it is necessary.
- 3.12 In matters of safeguarding, it should never be assumed that someone else will pass on information which may be critical to the safety and well-being of the adult, the individual who receives a disclosure or notices a concern must report it appropriately and not assume a colleague will for them.

4 PREVENTION

- 4.1 **Safer Recruitment** - Safer recruitment policies must be followed for all colleagues, including volunteers. (Refer to AHR01 Safer Recruitment and Selection). All interview panels must contain one colleague with safer recruitment training. Agency colleagues' references and Disclosure and Barring Service and Disclosure Scotland checks are the responsibility of the Agency which is their employer, but must be confirmed in writing to the site before any shift is worked. Agency colleagues' induction will include an overview of safeguarding procedures specific to the site, this includes being provided with a copy of the site's Local Procedures.
- 4.1.1 It is the responsibility of the Headteacher / Principle / Home Manager to ensure agency colleagues have been recruited using full safer recruitment processes by their employer i.e. the agency. (Refer to AHR01 Safer Recruitment and Selection).
- 4.2 **Notifications to Regulatory, Professional, or Vetting and Barring Bodies** - The Safeguarding Vulnerable Groups Act 2006 and the Protection of Vulnerable Adults (Scotland) 2007 introduced a new vetting and barring scheme for all those who work with children and vulnerable adults. Across the UK (apart from Scotland) this list is kept by the DBS. Employers are required to make referrals to the DBS about individuals they believe to pose a risk of harm to vulnerable groups. There is a referral guidance document available from the DBS www.gov.uk/government/publications/dbs-referrals-form-and-guidance. It is an offence for employers to employ anyone who is barred under the scheme. (Refer to AHR0.7 Disclosure (incl. DBS, Disclosure Scotland, and Access NI))
- 4.2.1 The vetting and barring schemes are linked so that they are all able to identify if and when an individual has been negatively reported in the system of any country in the UK.
- 4.2.2 It is the responsibility of the Headteacher / Home Manager to notify their specific regulatory body and *DBS* if a colleague is dismissed on safeguarding grounds in consultation with Central Human Resources Department and the Regional Manager or Operations Director. *The responsibility to notify also applies if someone resigns or retires at the time of a safeguarding concern when there is sufficient evidence to dismiss them or they resign to avoid disciplinary.*
- 4.2.3 The Headteacher / Principle/ Home Manager has a responsibility to report to the relevant professional body, any substantial allegation of misconduct by a practitioner, which, if proven, would call into question their fitness to practice.
- 4.3 **Safeguarding Lead (SL) Roles** - Every Aspris service must have a senior colleague as the DSO supported by a Regional Safeguarding Lead. A register of the DSOs for all Aspris services is kept by the organisational committee, this is monitored on a regular basis. These roles will be regularly reviewed by the Safeguarding Committee.

- 4.4 **Multi-Agency Co-operation** - No effective adult safeguarding process can work unless those concerned are committed to the concept of multi-agency and multi-professional working. All the agencies involved, private or public bodies, should have the well-being, rights and safety of the adult at risk as the first priority. Multi-agency cooperation is aimed at sharing information, improving joint working, and addressing barriers.
- 4.4.1 Where intervention is necessary, this should be commensurate with the level of concern and the least restrictive and intrusive into people's lives. Support should be aimed at enabling the person to achieve their highest level of independence, and should be in partnership with the Local Authorities, the adult at risk, and their carers where appropriate.
- 4.4.2 Information shared between agencies, including the local social care department and the police must be treated with the strictest confidentiality (but this must not be confused with secrecy). The safety of the adult at risk depends on the willingness of those agencies, or organisations, to share and exchange relevant information when there is a concern. Early sharing of information is the key to providing an effective response where there are emerging concerns.
- 4.4.3 Where there is a general non-specific safeguarding concern, it is good practice to convene a professional meeting with other external agencies.
- 4.5 **Radicalisation** - Aspris recognises that there is a threat of terrorism and understands that many terrorists are radicalised in the course of their day-to-day contact with others. The UK government's Prevent Strategy (2011), which is a key aspect of safeguarding, outlines the commitment to be made by organisations such as Aspris in ensuring that threats of this kind are understood and responded to. (AOP08.1 Responding to Suspected Radicalisation).
- 4.6 **Visitors** - All visitors to and from any site must be recorded, and supervised as appropriate. Refer to Aspris policies on visitors and visiting children, including visits by 'persons of celebrity or importance'.

5 INDUCTION AND TRAINING

- 5.1 As part of their Induction program new colleagues should be asked to read the following:
- (a) AOP08 Safeguarding Adults
 - (b) AOP06/06A/ 06B Safeguarding Children Education/ Residential/ Wales
 - (c) AOP41 Professional Relationship Boundaries
 - (d) Aspris Employee Handbook
 - (e) A copy of the locally completed AOP Form: 15 (and AOP Form: 16W).
 - (f) A copy of ACS04 Positive Behaviour Management
- 5.2 **It is the responsibility of the Headteacher / Principle / Home Manager to ensure that all colleagues comply with the induction and training plan, which is centrally managed and monitored by People Development in Central People Team, and to regularly view the compliance levels via Priory Academy reports. The e-Learning module will be completed by all colleagues within two weeks of appointment to the job role with regular updates.**
- 5.3 All employees working on Aspris services will undertake the eLearning training module on Safeguarding to enable them to recognise early signs of abuse and understand how to communicate concerns to Safeguarding Leads and share vital information between agencies. **The eLearning module will be completed by all colleagues within the first two weeks of appointment to the job role, followed by regular refreshers.**
- 5.4 DSOs will attend centrally arranged combined adult and children & young people learning that is **provided by an external training provider (two days DSL Face to Face, and one day annually DSOFace to Face Refresher)**. To ensure consistency of standards. **Successful completion of these courses permits the trainer to deliver face-to-face**

training at their site providing they meet the competencies agreed by the Aspris Safeguarding Committee, in addition to LSP/LSCB learning offered locally.

- 5.5 The Headteacher/ Principle / Home Manager should ensure that the training materials and guidelines provided by LS are available to all employees.

6 RECOGNITION OF ABUSE

- 6.1 Abuse may occur in any context or environment and by any person, professional colleagues, care workers, volunteers, other service people, family, friends, neighbours, or strangers. Abuse may be deliberate or unintentional or result from a lack of knowledge. It can also occur as the result of neglect or poor professional practice, which could be isolated incidences of poor or unsatisfactory professional practice through to pervasive ill treatment or gross misconduct.
- 6.2 Although difficult to detect, colleagues should be alert to the possibility of abuse/exploitation from strangers, especially in services where adults at risk are supported by Aspris colleagues to live a more independent life.
- 6.3 Colleagues should also be aware that the perpetrator could be another person who uses our services. Research has shown that where this kind of abuse is ignored or not addressed appropriately, the victims may experience mental ill health, and low self-esteem and may also become perpetrators of abuse against others. It is important to understand that an adult at risk of abuse may also be abused by another adult at risk of abuse. Adults who are subject to the Mental Health Act 1983 (or the Scottish equivalent) or the Criminal Justice System are still entitled to be protected from abuse and prevented from abusing others.
- 6.3.1 Alleged perpetrators of abuse, who are themselves adults at risk, should be assured of their right to the support of an 'appropriate adult' whilst they are being questioned by the police under the Police and Criminal Evidence Act 1984 (PACE) (See AOP18 Information Requests from The Police or Other External Agencies).
- 6.4 Colleagues should be aware that some adults at risk may not be aware that they are being abused, for instance when they become dependent on colleagues, family, or carers, allowing them to take control of their finances and physical environment. They may be reluctant to assert themselves for fear of making the situation worse.
- 6.5 Everyone is entitled to the protection of the law and access to justice. Behaviour that amounts to abuse and neglect, for example, physical or sexual assault or rape, psychological abuse or hate crime, wilful neglect, unlawful imprisonment, theft and fraud, and certain forms of discrimination also often constitute specific criminal offences under various pieces of legislation. Although the local authority has the lead role in making inquiries, where criminal activity is suspected, then the early involvement of the Police is likely to have benefits in many cases.
- 6.6 Adults in need of or in receipt of community care services are entitled to the protection of the law in the same way as any other member of the public. The responsibility for taking the lead on the inquiry of a crime rests with the Police. Decisions regarding prosecution are the responsibility of the Crown Prosecution Service. The early involvement of the Police is essential when there is reason to believe that a crime has been committed.

7 TYPES OF ABUSE

- 7.1 Government guidance sets out ten categories of abuse:
- (a) **Physical abuse** - including assault, hitting, slapping, pushing, misuse of medication, restraint or inappropriate physical sanctions, female genital mutilation (FGM) (see 7.1.14).
 - (b) **Domestic violence** - including psychological, physical, sexual, financial, emotional abuse; so-called 'honour' based violence.
 - (c) **Sexual abuse** - including rape, indecent exposure, sexual harassment, inappropriate looking or touching, sexual teasing or innuendo, sexual photography, subjection to

pornography or witnessing sexual acts, indecent exposure, and sexual assault or sexual acts to which the adult has not consented or was pressured into consenting.

- (d) **Psychological abuse** - including emotional abuse, threats of harm or abandonment, deprivation of contact, humiliation, blaming, controlling, intimidation, coercion, harassment, verbal abuse, cyber bullying, isolation or unreasonable and unjustified withdrawal of services or supportive networks.
- (e) **Financial or material abuse** - including theft, fraud, internet scamming, coercion in relation to an adult's financial affairs or arrangements, including in connection with wills, property, inheritance or financial transactions, or the misuse or misappropriation of property, possessions or benefits.
- (f) **Modern slavery** - encompasses slavery, human trafficking, forced labour and domestic servitude. Traffickers and slave masters use whatever means they have at their disposal to coerce, deceive and force individuals into a life of abuse, servitude and inhumane treatment.
- (g) **Discriminatory abuse** - including forms of harassment, slurs or similar treatment; because of race, gender and gender identity, age, disability, sexual orientation or religion.
- (h) **Organisational abuse** - including neglect and poor care practice within an institution or specific care setting such as a hospital or care home, for example, or in relation to care provided in one's own home. This may range from one off incidents to on-going ill-treatment. It can be through neglect or poor professional practice as a result of the structure, policies, processes and practices within an organisation.
- (i) **Neglect and acts of omission** - including ignoring medical, emotional or physical care needs, failure to provide access to appropriate health, care and support or educational services, the withholding of the necessities of life, such as medication, adequate nutrition and heating.

Self-neglect - this covers a wide range of behaviour neglecting to care for one's personal hygiene, health or surroundings and includes behaviour such as hoarding.

7.2 **Multiple Forms of Abuse** - More than one form of abuse may occur to one person or groups of people. It is important for colleagues to look beyond single incidents or breaches in standards to underlying dynamics or patterns of harm.

7.3 In Wales, all professionals working in regulated professions, have a statutory duty (and other colleagues have a mandatory duty) to notify the Police if they discover that an act of FGM appears to have been carried out on a girl who is under the age of 18 years (or if they suspect that a child may be at risk). If identified in women over 18 years of age, colleagues need to follow safeguarding procedures.

8 INTERNAL REPORTING

8.1 Any suspicions, allegations or disclosures of abuse or neglect must be reported internally immediately. Colleagues who suspect any form of abuse or safeguarding issue must discuss their concerns with the DSO, or in their absence discuss with a senior colleague in line with the site's Local Procedures (AOP Form: 15), immediately or with a maximum of 24 hours. All safeguarding incidents and allegations of abuse will be reported on the Aspris Incident Reporting System. A note will be made of whether the incident is disclosure of a non-recent (historical) event or whether it is a current issue that has happened whilst the child is the responsibility of Aspris colleagues. A note should also be made in the servicepeople care records.

NB: Non-recent abuse is defined as an allegation of neglect, physical, sexual or emotional abuse made by or on behalf of someone who is now 18 years or over, relating to an incident which took place when the alleged victim was under 18 years old.

8.2 Adults may also disclose 'historical' abuse committed when they were legally considered an adult. The disclosure of a historical event is in itself an incident which needs reporting, so that a proportionate notification and enquiry can take place to establish the facts and to ascertain whether it is no longer continuing or current. There would be a risk in not reporting such

incidents, since assumptions might be made, and transparency may be compromised. The response should be proportionate and least intrusive to the risk presented, and in consideration of the wishes of the individual concerned.

- 8.3 External reporting should be in accordance with the requirements of the local safeguarding team as indicated on the site's Local Procedures (AOP Forms 15 and 16W). If an incident has been discussed with the local safeguarding team, a note must be kept of their response. Confirmation should be sent to them either by letter or e-mail according to their requirements, stating whether they required it to be reported to them or not, and any other advice that they gave. The advice of the local safeguarding team will be acted upon.
- 8.4 A register of all safeguarding incidents will be kept centrally via the Incident Reporting System (MIS system). A local register (safeguarding log) should be maintained, this can be created using the MIS system a chronology tracking safeguarding concerns is also attached to each referral (ACS Form: 01).
- 8.4.1 Safeguarding incidents must be escalated through the management and safeguarding reporting structure with serious incident notifications completed in accordance with AOP04 Incident Management, Reporting and Investigation.

9 DISCLOSURE OR DISCOVERY OF ABUSE OR ALLEGATIONS OF ABUSE

- 9.1 Where there is a reasonable suspicion that a criminal offence may have occurred, it is the responsibility of the Police to investigate and make a decision about any subsequent action. The Police should always be consulted about criminal matters. If possible preserve the crime scene to make sure the evidence is not contaminated, the Police will provide advice on how to preserve the scene in such instances. This will usually mean locking off the area and securing the records in the first instance.
- 9.2 In the event of, or knowledge of abuse of a person who uses our services at the unit by anyone, including another service user, action must be taken on discovering any form of abuse in whatever form it presents - historical, ongoing or a one off event. Employees should use the following procedures :
- 9.3 **Step by Step Guide for responding to disclosures of abuse:**
The person in our care that has disclosed must be attended to, comforted and supported and any physical injuries taken care of.
- (a) Listen carefully to what the person has to say, but do not ask leading questions about the alleged abuse.
 - (b) Ensure that everyone is safe and that the emergency services have been called if needed.
 - (c) Advise the person of the procedures which will follow.
 - (d) If you want to take notes, tell the person first, and keep your original notes (even if they are subsequently 'written up' in the person's notes) to give to the DSO as they will be required if a case goes to court.
 - (e) Record the following information as soon as possible afterwards, if using paper notes use black ink, signed and dated by the person alleging the abuse:
 - i. All details of the alleged abuse, including location
 - ii. Times/dates of conversations and telephone calls
 - iii. Names of colleagues present at the time
 - iv. Any other relevant information
 - (f) **All Aspris colleagues have a duty to refer** the case to the local Safeguarding Service using the details identified on the site/service's AOP Form: 16 and/or seek guidance on what to do next from the DSO or Local Safeguarding Service; a multi-disciplinary discussion to agree the next steps should be held, including the person in our cares' views (where possible) and documents in their notes. This must be done as soon as practicable or within 24 hours maximum.

**Children's Services
Operational**

Ensure the safeguarding concern is recorded in the person's notes and on the MIS system as an incident, you should ensure the service's Safeguarding Lead is aware of the concern and actions taken.

- 9.3.1 If you are unsure if a concern needs reporting, share any allegations or suspicions of abuse with the DSO, or in their absence discuss with a senior colleague in line with the site's Local Procedures (AOP Forms 15 and 16W), they will offer advice about next steps or liaise with the local safeguarding services to seek advice and to provide clarity if you should make a referral.
- 9.4 In the event of allegations, disclosure, suspicion or knowledge of abuse of people in our care at the unit by a colleague (including Agency/Supply staff and Volunteers), the following procedures should be followed:
- (a) Consult with the Safeguarding Lead, senior manager or manager on call (if out-of-hours), who will liaise with the local Safeguarding Service, either to seek advice or to make a referral. (If the concern is about the Safeguarding Lead or senior manager, discuss with the Regional Safeguarding Lead or Executive Safeguarding Lead).
 - (b) Record in detail the circumstances, including the nature and extent of any injuries and any action taken. A Body Map on the Incident Reporting system is available for this purpose. If appropriate, a photo of the injury may be taken, after obtaining and documenting informed consent from the injured person.
- A referral to the Local Authority Designated Officer (LADO) / Safeguarding Multi Agency hub should be considered if the colleague works with or might work with children or young people.
- 9.5 The Safeguarding Lead (or in his/her absence, the Headteacher/ Principle / Home Manager) is responsible for supporting colleagues to refer safeguarding concerns in line with Local Procedures (AOP Form: 15 and 16W), they will also ensure that the following procedures are carried out where abuse is witnessed, suspected or alleged:
- (a) Ensure that everyone is safe and that the emergency services have been called if needed.
 - (b) If appropriate, inform and reassure the person using our services, their GP and family that the situation is being dealt with.
 - (c) Keep the individual and safeguarding records up to date, to evidence outcomes or further work required.
 - (d) If the person who discovers the abuse has been unable to, refer the case to the local Safeguarding Service and/or seek guidance on what to do next, this alert must be done as soon as practicable or within 24 hours maximum.
 - (e) To ensure that evidence is not contaminated in case the Police wish to lead, wait until the local Safeguarding Service has given consent before commencing the enquiry.
 - (f) Advise Regulatory Body, Placing Authority/Commissioners, and Social Worker/Case Manager (if applicable) that a referral has been made.
- Ensure the safeguarding concern is recorded in the person's notes and on the MIS system as an incident, this should also be recorded in the service's safeguarding log (if used).
- 9.6 The Headteacher / Principle / Home Manager (in conjunction with the Operations Director, Regional Safeguarding Lead, Group Head of Safeguarding, and the local Safeguarding Service, should decide whether it is appropriate to move to a non-client facing role or suspend colleagues in order to keep servicepeople safe, pending formal disciplinary procedures. The manager carrying out the suspension should also advise the regulatory body or relevant professional body if a suspension is made.
- 9.7 If a colleague is subject to an allegation of abuse against a person who uses our services or vulnerable individual, suspension pending investigation should be the first choice. Where a colleague is not suspended and is moved to another area, this should be an administrative role and not involve contact with servicepeople or their families or allow access to the persons care records. All decisions should be clearly documented with advice sought from the Local Authority Safeguarding Team / LADO / On Duty Social Worker , HR and DS)Ls as appropriate to the level of allegation **prior** to informing the colleague of any details of the allegation.

(**NB:** Aspris disciplinary procedures may be undertaken, even if the local safeguarding or police teams decide not to take further action).

- 9.7.1 **An early recommendation from either the Local Authority/Designated Officer for the local authority (LADO) or from the strategy discussion should determine whether and when the colleague who is the subject of the allegation should be informed of the allegation and whether they should be moved to other work or suspended whilst the allegation is dealt with.**
- 9.8 The DSO will be the point of contact for all matters concerning a particular case and he/she will liaise with the local Safeguarding team and co-ordinate any actions that they prescribe or recommend.
- 9.9 The DSOL will check and ensure that concerns are fully and accurately recorded on the Incident Reports by the colleagues completing the reports. These, along with other reports or details regarding any allegation or incident of abuse, will be kept securely and confidentially by the Safeguarding Lead.
- 9.10 The Headteacher / Principle / Home Manager is responsible for undertaking all such duties described above in the absence of the Safeguarding Lead.

10 REFERRALS TO THE LOCAL SAFEGUARDING SERVICE

- 10.1 Aspris services will use the documentation provided by or agreed with the local safeguarding teams to make referrals or, if not identified then AOP Form: 17W can be utilised to make referrals. However, it must be made clear to colleagues which form to use on their particular site. The locally preferred method of reporting a referral may be also on-line or via a telephone abuse line.
- 10.2 These details must be made clear to colleagues and recorded on AOP Form: 16 which should be on display in all staff areas for reference.
- 10.3 In Wales, the practitioner who has receives a disclosure or has a concern a statutory **duty to report concerns** immediately to your line manager and/or (if appropriate) the DSO for the service as identified in the Local Procedures, if they are not available then report directly to social services. If required the safeguarding lead or registered manager should support the practitioner to make the referral to the local authority safeguarding team, who will lead the enquiry and co-ordinate with the Police if necessary.
- 10.4 As stated in the 'Wales Safeguarding Procedures': "Practitioners are expected to report to the relevant local authority (social services) for both adults and children at risk. The relevant authority is the one in which the safeguarding concern is thought to have occurred. This may mean reporting to a local authority that is not in the same area as that in which the practitioner works.
- 10.5 If the person thought to be experiencing the abuse has capacity, then consent for the referral should be gained. However, this is not necessary if there is an overriding public duty to act, such as the likelihood of the perpetrator abusing others, or if gaining consent would put the person at further risk. If you are unsure whether to share the concern without consent, discuss with the Local Authority Safeguarding Team on a 'no named basis'.
- 10.6 Where an adult does not have mental capacity to make decisions about protection from abuse action should be taken to protect them. Any such action must be proportionate to the level of risk and take any knowledge of the persons previously expressed wishes into account. (See AOP05 Mental Capacity).

- 10.7 Any referral that is made to the local Safeguarding Service must also be notified to the relevant regulatory body using the appropriate notification forms provided by the regulatory bodies and accessed via their websites.
- 10.8 The Headteacher / Principle / Home manager must ensure that all details of local safeguarding arrangements are made available to all colleagues. AOP Form: 16 is available for this purpose.
- 10.9 For the latest information on the escalation process for safeguarding incidents, refer to AOP Form: 16 or contact the Local Authority to request a copy of their escalation procedures.

11 PHYSICAL INTERVENTIONS

- 11.1 Aspris policies on the use of physical interventions must be followed and colleagues trained appropriately.
- 11.2 Unlawful use of force (force that is neither necessary nor proportionate) is considered physical abuse and may require Police as well as safeguarding involvement. Incident data on physical interventions is monitored at site level and centrally to identify trends and themes.
- 11.3 The use of restraint should be as an absolute last resort in any Aspris service. Where it has been used, a full record of the incident must be made, carers/parents must be made aware and if there is any question that the intervention was not necessary and/or proportionate the appropriate authorities informed
- 11.4 Incidents involving physical interventions must be captured on the MIS system, good safeguarding governance requires such incidents to be considered through a safeguarding lens to identify the appropriate resulting actions.
- 11.5 Concerns about the potential or alleged inappropriate or unlawful use of physical interventions by colleagues must be referred to the Local Authority/Local Authority Designated Officer (LADO) or 'on duty Social Worker' for advice about whether a subsequent investigation is required. This advice should take precedence over the opinions of physical intervention Leads, however the opinions of physical intervention Leads will undoubtedly inform a LADO process/investigation.

12 AUDIT AND GOVERNANCE

- 12.1 An audit of Safeguarding processes will be carried out on all services (with a maximum interval of 12 months). Audit tools specifically designed to suit the requirements of the organisation will be used. The results of the Audit will be discussed at site level local governance meetings, and brought to the organisational Safeguarding Committees. Local or organisational action plans will be developed as required.

APPENDIX 1

ROLE DESCRIPTION FOR SAFEGUARDING LEADS (Children's Homes)

1 Safeguarding Lead

The Site Leader (Registered Manager) remains accountable for the safeguarding practice at site. The role of the Safeguarding Lead in services or clusters of services involves taking on the responsibility for several areas or safeguarding, including, as a minimum, the following:

- (a) Assist/advise other colleagues on safeguarding issues
- (b) Assuming responsibility as the named lead and point of contact for stakeholders regarding safeguarding concerns
- (c) Undertake training and updates to the level specified
- (d) To understand and advise other colleagues on referral processes
- (e) Report to the local governance meeting each month
- (f) Receive papers and documents from other agencies and to comment on behalf of the site
- (g) Provide the link from the site to the local Safeguarding Services
- (h) Co-operate fully with all safeguarding enquiries which may include attending strategy meetings and case conferences
- (i) Ensure that clear and accurate records of safeguarding concerns are kept
- (j) To be aware of what situations require referral to the local Safeguarding team
- (k) Input into the development of local safeguarding procedures which effectively link with and reflect those of the Local Authority
- (l) Communicate changes to procedures/documentation to colleagues
- (m) To share best practice and lessons learnt through regular contact (at least annually) with other safeguarding leads at the regional safeguarding meetings
- (n) If approved, to deliver appropriate face to face safeguarding training to other colleagues.
- (o) To provide safeguarding supervision to the deputy Safeguarding Leads at the site.

2 Deputy Safeguarding Lead

- (a) Will be trained to the same standard as the Safeguarding Lead
- (b) Will deputise for the Safeguarding Lead. However, the ultimate responsibility, as set out above, remains with the Registered Manager.

3 Regional Safeguarding Lead

- a) Facilitating and/or organising dedicated safeguarding supervision to the Cluster/Sub-Regional Safeguarding Leads;
- b) Offering sound procedural advice and support;
- c) Overseeing complex investigations regarding their services, acting as a point of contact for stakeholders; and
- d) Analysis of the divisional audits of practice and identification of any actions necessary for the region and monitor these to completion.
- e) Act on behalf of the Divisional Safeguarding Committee as a member, sharing learning and influencing safeguarding practice across the Division.
- f) Support other Regional Leads by covering during periods of absence (for example annual leave or sickness)

Regional Safeguarding Leads are also expected to report up to the Divisional Safeguarding Committees in line with divisional governance structures and support the committee with analysis of disincentives to report, sharing of best practice and lessons learnt through regular contact with other Regional Safeguarding Leads

4 Executive Safeguarding Lead

- (a) Support a number of identified services within the region, this may be divided by geographic region, service type or workload.
- (b) Facilitating and/or organising dedicated safeguarding supervision to the site-level Safeguarding Leads;
- (c) Offering sound procedural advice and support;

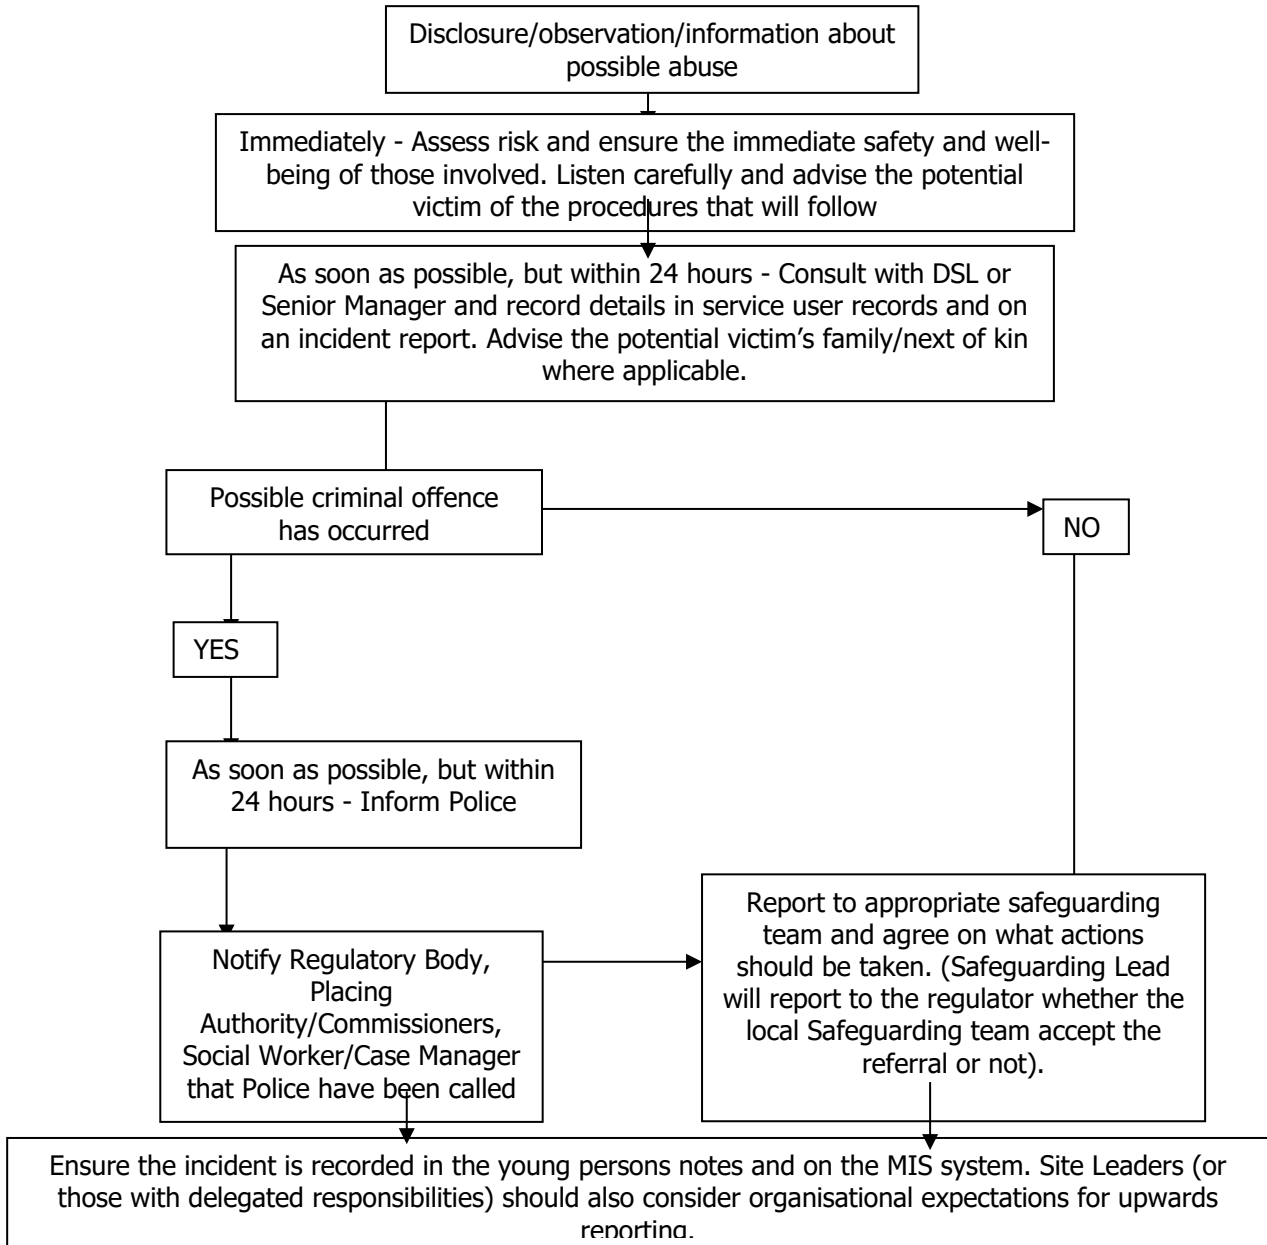

**Children's Services
Operational**

- (d) Overseeing complex investigations regarding their services, acting as a point of contact for stakeholders; and
- (e) Analysis of the divisional audits of practice and identification of any actions necessary for the region and monitoring these to completion.
