

Welcome to Rugeley School

Located in a beautiful area of rural Staffordshire, Rugeley School is an independent specialist school. We offer placements for young people aged 5 to 19 years with autism and moderate to severe learning difficulties.

Together we raise potential

The school provides a modern setting in which students can achieve an enhanced degree of emotional stability through an active and structured approach to learning which respects their autism.

This approach helps to reduce anxiety levels and enables full access to the curriculum. Students are able to engage in daily life with increased confidence, self-esteem, dignity and independence.

Rugeley School offers a warm and welcoming environment and there is a clear structure and routine in place to provide consistency for all of our young people.

“This is a school that makes a positive difference to pupils and their families.”

Ofsted

Aspris

“Pupils feel safe because staff understand them and look after them.”

Ofsted

Our specialist curriculum has been designed and is sequenced to ensure all learners have access to a **knowledge and skills-based curriculum**, one which meets their individual needs and goes beyond, yet includes aspects taken from the National Curriculum.

Our post-16 provision, The Brambles, builds students' **independence and skills for life**, whilst also supporting them to make informed choices about their future.

Our tailored curriculum pathways are designed to prepare students for **transition into adulthood**, providing them the opportunity to access impartial careers advice, college days, work experience and participate in the Duke of Edinburgh award.
